ABOUT US

Mining 360 Services' was started in 2014, with a team of Dynamic & Qualified Mining Professionals having national & international experience to assist the Clients in leveraging their Mining Businesses by providing quality consulting services & trainings using best practices & procedures.

We are committed to deliver high quality services and our USP is to keep our client informed about the project's progress and outcomes to get the acceptable on-time deliverables.

We are the team of qualified mining professionals of extensive national and international experience based at Gandhinagar (India) to help you in leveraging your mining business by providing quality consulting services & trainings using best practices & procedures.

COMPANY PROFILE

OUR VISION

To add value to the Client's business by solving their issues with a positive mindset. To empower the client's team by providing sustainable solutions. We believe passionately in the power of ideas to change attitudes, lives and, ultimately, the world.

OUR MISSION

Our mission is to be a major professional consulting service partner, offering high-quality services to add value to our client's business. We strive to offer our customers the best possible prices, the best available services, and the utmost convenience.

Deepak Gaur
Managing Director

ABOUT FOUNDER

Deepak holds a degree from MBM Engineering College, Jodhpur with more than 16 years of mining experience in the industry with FCC ®. Before starting the 'Mining 360 Services', Deepak was working with Dassault Systems in Australia as a Knowledge Consultant for more than two years where he delivered many pieces of training on Mine Planning Software throughout Australia. He has also been awarded 'Train the Trainer' certificate from the Australian Institute of Management, Floreat, Western Australia. He has got strong mine planning skills with good command over the Mine Planning Software. He has prepared more than 75 Mining Plans for Major Minerals in India.

WHY CHOOSE US?

Are you looking for Quality and Affordable Services for your next project?

Then, you've come to the right place.

- ISO 9001:2015 Certified
